RE: Petition to remove LPTV application BNPTT-20000831COF from
Auction 81, Group MX210

Ladies and Gentlemen:

As explained in the attached "Engineering Statement" the subject application was amended during the August 2001 settlement window to clear the conflicts with the other applications in this group.

I believe it is not necessary for my application to be in the auction as there is neither an incoming or outgoing conflict.

Please reclassify my application as a "singleton".

Respectfully submitted

s/sDavid Yardley
County Clerk

**ENGINEERING STATEMENT IN SUPPORT OF THE
PETITION OF IRON COUNTY TO BE REMOVED
FROM AUCTION 81, GROUP MX210**

Introduction

Application BNPTT-20000831COF has been included in MX210 in spite of the unilateral engineering changes filed in a settlement window to clear the conflicts with the other applications in this group.

Incoming Interference:

The application contains a statement added in the August 2001 settlement window to the effect that the applicant will accept interference from the other applicants in this group. This amendment was filed on 8/23/2001. See paragraph #4, Conclusion.

Discussion

The applicant by unilateral changes and additions to the application during a settlement window has cleared both outgoing and incoming conflicts. Thus it should not be in an auction with the other applicants in MX210.

Respectfully submitted,

B. W. St. Clair
Engineering Consultant
